TO WHOM IT MAY CONCERN

**The NFI Scholarship Scheme  
SPONSOR A CHILD IN KUMBA**

Good day to you,

The Nkamanyi Football Initiative comes to you today, to seek your support in sponsoring the yearly training cost of a youth in its Football Center.

The initiative until now has provided all of these services for free. This works well in the short run but is not sustainable in the long run. The current crisis rocking the region and our town in particular has made things extremely difficult for us.

However, we are committed to our mission of empowering these kids.

Our new plan sees the consolidation of the following teams

- U12
- U14
- U16
- Cadet
- Female Team
- A Team.

We want to lay much emphasis on the professional training of the U12, U14, U16 and Female teams. We intend to start making selections into these teams next week and the fees have been set at CFA 60.000 per year (CFA 5000 per month). This fee will ensure that we can provide them quality training with professional (paid coaches), accident insurance and a host of other advantages. Cognisant of the difficult situation prevailing in the region and the city, we put this scholarship scheme in place and count on you participating in shaping the future of a kid.

We are shall be very grateful for your support. We shall keep a list of all who support our scheme on our website and communicate these as we find necessary.

You can make your payment per Paypal, Cash App or pay directly at the office.

We count on your support.
